 3. We are expanding Adult Protective Services (APS) staffing/capacity due to new funds from this past budget year budget initiative that allocated more money to APS.

that support vulnerable adults under one division, which is consistent with statewide best practices and Master Plan for Aging initiatives

When its funding diminished, the people came to the state for funding, and they got a maximum of \$300 a month for a caregiver, attendance server as they were called back then. 4. New Business/Action Items:

4.1. Live Oak Senior Center Eviction Update

Sehorn reported that Senior Network Services and Meals on Wheels were given six months to move out of their Live Oak facility as of May 2022 so the Live Oak School District could build teacher housing at that location. The County volunteered to partner with the school district to achieve resolution and Supervisor Koenig met frequently with key stakeholders. Senior Network Services will present a proposal to take over liability for building repairs at the next Live Oak School District meeting on June 29, 2022. Commissioners are encouraged to attend.

Brennan arrived.

4.2. Long Term Care Ombudsman Program

Matzie provided an overview of the role of the Long-Term Care Ombudsman Program (Advocacy, Inc.) which received no CORE funding this year, substantially limiting their ability to serve some of the County's most vulnerable residents. The program is extremely effective with a resolution rate of about 65%. Commission discussed potential opportunities for advocacy and support.

4.3. County Social Services Overview

Morales provided an overview of changes to the County's Human Services Department - Adult and Long-Term Care (ALTC) Division providing a continuum of safety net services for older adults and persons with disabilities including the IHSS program, Adult Protective Services (APS), TLC (Transforming Lives Through Care) case management program, Veterans Services office, and recently, the Public Guardian Team.

A Governance Board was established to implement the Master Plan for Aging in the areas of housing, healthcare, inclusion/equity, non-isolation, work, protection, caregiving, and income security. A County-wide needs assessment will be conducted to determine gaps and priorities.

The State is developing a guaranteed income pilot program and additional funding has been allocated for expansion of several programs (APS, full-scope Medi-Cal for seniors 50+ regardless of immigration status, and Cal-Fresh for seniors 55+ regardless of immigration status), as well as a reduction in share-of-cost for seniors and people with disabilities and a permanent backup provider system for the IHSS program.

Emerging issues: the two most critical issues are the increase in homelessness for seniors and the caregiving workforce shortage. Commission discussed potentially participating on the Master Plan for Aging Governance Board subcommittees as appropriate and invited Morales to return with any opportunities to support the ALTC Division's efforts.

Childers and Brennan left meeting

4.4. Consider Advocacy Opportunities Related to Recruiting and Retaining IHSS Caregivers

Morales recommended that the Commission pend their advocacy until clear opportunities to address these complex issues become available at the State and Federal level.

4.5. Assembly Bill 361 Statement of Findings

Motion to approve statement of findings authorizing the Commission to hold their next meeting remotely under the provisions of AB 361.
