Second, W4Y could continue on a smaller scale, funding an Administrator to steer the program. Third, the W4Y board could combine with the board for Your Future Is Our Business (YFIOB) and combine resources to pursue funding to unify efforts to provide services to the target age group.

Marshall Delk, Business Services Committee (BSC) Chair, updated the WDB on BSC efforts to redefine and refocus business service efforts, including reconstituting the committee and seeking new members. C.1 Common Measure Performance PY 16-17 Q1

COMMITTEE: Workforce Development Board
MEETING DATE: February 22, 2017

STAFF NAME: Andy Stone, WDB Director; Sara Paz-Nethercutt, WDB Sr. Analyst; Teresita Hinojosa, WDB Sr. Analyst

SUMMARY:
The attached Performance Update for 1st Quarter PY 2016-17 gives an indication of local performance as of September 30, 2016 for Adult, Dislocated Worker and Youth program services. The state only considers annual performance and requires local areas meet 80% of the assigned goal. Although the Workforce Innovation and Opportunity Act (WIOA) was enacted effective July 1, 2015, the performance measures used under WIA will remain in effect until June 30, 2017. The LWIA has met or exceeded all the goals.

As a reminder, this is preliminary data through 1st Quarter and includes data on up to 25 Adults, 21 Dislocated Workers, and 78 Youth depending on the specific measure. The State will review the data for validation of WIOA numbers and provide FINAL actual program year performance results after the program year ends.

SUGGESTED MOTION: (if applicable)
I move to accept the WIOA Common Measure Performance for 1st Quarter for PY 2016-17.

C.2 PY 16-17 Budget Modification: HPB Award

COMMITTEE: Workforce Development Board

MEETING DATE: February 22, 2017

STAFF NAME: Andy Stone, WDB Director; Sara Paz-Nethercutt, Sr. Analyst

SUMMARY:

As you may recall, Senate Bill (SB) 698 passed in October 2011 requiring the Governor, through the California Workforce Investment Board to establish criteria/standards for local Workforce Investment Boards (WIBs) to be deemed "high performing" during the certification process. Santa Cruz WIB approved the local plan at that time, which included, among other updates, the formation of the Business Services Committee. Additionally, a key piece of the legislation required the Governor and the Legislature, in consultation with the California Workforce Investment Board to reserve specified federal discretionary funds for the designated high performing WIBs.

On February 12, 2014, this board achieved High-Performance Local Board (HPB) certification and became eligible to receive a monetary award. Program Year 2016-17 will be the first year local boards receive a monetary award as the Governor’s discretionary fund has been restored to the full 15 percent this program year. On December 27, 2016, we were made aware of the local award of $54,838.

Note: The Workforce Investment Board became the Workforce Development Board effective July 1, 2016 so reference to WIB are appropriate for the above board item.

I move to accept the monetary award for having been designated a high-performing board and direct the WDB director to exercise his discretion for expenditure as allowed in the WIOA.

**SUMMARY:**

As you know, this board approved the issuance of a Request for Proposal (RFP) for WIOA Adult, Dislocated Worker and Career Center Operator program services at the June 8, 2016 meeting. The RFP was subsequently released at the Board of Supervisors (BOS) meeting on November 15, 2016.

As part of the process, the WDB worked with the County's General Services Department's Purchasing Division (GSD) to conduct the RFP procurement process. GSD requirements for RFP contracting allow for a one-year contract with three additional one-year options for renewal, for a total possible term of four years. This procurement process provides for a potential contract that could extend from PY 2017-18 through PY 2020-21 based on a contractor cost analysis. Regardless of the results of the cost analysis, a new RFP process will need to be conducted every four years as required by utilizing the County procurement process.

**Results of Competitive Process**

As a result of the RFP process managed by GSD three (3) proposals were received as follows: Eckerd Youth Alternatives, Inc., Goodwill Central Coast, and KRA Corporation. GSD exercised its right to withdraw the procurement due to a consequential technical error. GSD outlines the issue and recommendation in the memo attached to this item.

TO: Andy Stone, Workforce Development Board Director, Sara Paz-Nethercutt, Workforce Development Board Sr. Analyst

FROM: Phil Santaluce, General Services Department (GSD), Purchasing, Senior Buyer

DATE: February 1, 2017

SUBJECT: EVALUATION RESULTS FOR REQUEST FOR PROPOSAL 16P2-002, WORKFORCE INNOVATION AND OPPORTUNITY ACT (WIOA) ONE-STOP OPERATOR AND ADULT AND DISLOCATED WORKER PROGRAM SERVICES PROGRAM

The five-member Evaluation Committee evaluated and scored three (3) Request for Proposals (RFP) received from: 1) Goodwill Central Coast; 2) Eckerd Workforce; and 3) KRA Corporation. During this evaluation process, it was observed by one of the evaluators that the RFP was allowing for points to be awarded for a local vendor preference on this federally funded project. Federal Procurement Standard 200.319(b) prohibits the use of local geographical preferences in the evaluation of proposals. As a result of this error, in accordance with RFP Section 2.14, Reservations, GSD Purchasing is exercising its right to withdraw RFP 16P2-002.

GSD Purchasing recommends Human Services Department extend its current contract with Goodwill Central Coast for an additional year and request a new RFP in September 2017 for services to begin July 1, 2018.

Contact me at (831) 454-2723 if you have any questions on the process or any information contained in the proposal. Thank you for your assistance in this process.

A.4 Technology Sector Initiative

COMMITTEE: Workforce Development Board  MEETING DATE: February 22, 2017

STAFF NAME: Andy Stone, WDB Director

SUMMARY:

As you know, Workforce Development Boards are the key conveners of industry sector strategies connecting workers to relevant training and education, and connecting employers to a skilled workforce. Industry sector strategies are critical to promoting regional partnerships of employers, educators, workforce developers and other stakeholders that address the skill needs of high-demand occupations in a region. An industry sector strategy is typically focused on one critical industry; is led by a strategic partner who coordinates dialogue and action; and results in customized solutions aligned with the workforce needs of employers in the industry. Industry sector strategies are a proven mechanism for meeting the needs of workers for high-quality jobs and the needs of employers for skilled workers.

Santa Cruz Works members in the technology sector have identified a need to attract and retain a skilled tech workforce to be competitive with Silicon Valley. In response to this identified technology sector talent shortage, your Board issued a Request for Proposal (RFP) to develop a business-led sector initiative to attract and retain skilled tech workers locally. Two vendors responded and a team of WDB and Economic Development staff, along with the Executive Director of the initiative's key partner, Santa Cruz Works, which will host the Partnership, reviewed and rated proposals. The successful vendor was Collaborative Economics which will launch the Technology Sector Partnership in Santa Cruz County, including recruiting employers to provide leadership and to ultimately sustain the Partnership at the conclusion of the contract, facilitate a Partnership launch meeting, assist the Partnership in identifying short term and long term strategies to address the local technology talent shortage, coordinate and facilitate up to three follow up meetings to build a plan to sustain the Partnership, and train and coach business people who will be the leadership that continues the Partnership.

The Executive Committee, at its February 1, 2017, meeting, recommended approval of a contract with Collaborative Economics along with forwarding to your Board for consideration today. Your Board's recommendation will be forwarded to the Santa Cruz County Board of Supervisors for final consideration of approval of the contract at its March 21, 2017, meeting.

SUGGESTED MOTION: (if applicable)

I move to approve the award of the Technology Sector Initiative contract to Collaborative Economics and to forward this recommendation to the Board of Supervisors on March 21, 2017 (or thereabouts) for final approval.

A.5 2017-20 WIOA Local Plan Approval

As you may recall, the California Workforce Development Board has developed a State Workforce Innovation and Opportunity Act (WIOA) Plan, which is the controlling state policy document for regional and local plans. It sets the state's policy direction for these plans, and serves as a conceptual map for Local Boards and their partners as they jointly develop the regional and local plans required by WIOA.

Under the State Plan, the primary purpose of local plans and partnerships is to facilitate access to workforce services at the local level. While regional plans and partnerships are specifically focused on constructing a regional training and education architecture that aligns with regional labor markets, individuals will access and experience this regional workforce architecture primarily through local service delivery efforts, principally those of WIOA partners operating in the America's Job Center of California (AJCC) system, formally known as One-Stop Career Centers, but potentially through other partners of the workforce system as well. In this regard, it is typically at the local level where services will be integrated, resources coordinated, and supportive services provided to individuals being served by the partners.

On September 16, 2016, the State issued instructions for guidance for the preparation of both local and regional plans required by the WIOA. The Local Plan was prepared in accordance with the requirements and planning guidance provided by the State of California, including the mandated public notice, public comment and review period. The Draft Local Plan was released on January 18, 2017. The public was invited to the Executive Committee's February 1, 2017, meeting to provide in-person public comment. There were no comments received at the meeting. The public comment period will close at your Board's meeting today, February 22, 2017. The Board of Supervisors, as the Chief Elected Local Official for the WDB, will consider the Draft Plan at its March 14, 2017 meeting. The Local Plan must be submitted to the State by March 15, 2017.

A.6 2017-20 WIOA Regional Plan Approval

COMMITTEE: Workforce Development Board  MEETING DATE: February 22, 2017

STAFF NAME: Andy Stone, WDB Director

SUMMARY:

As you may know, the Monterey County Workforce Development Board (WDB), as a member of the Coastal Region, is in the process of developing a Four-Year Regional Plan as required under the Workforce Innovation and Opportunity Act (WIOA) of 2014. Regional Plans and partnerships required by the WIOA function under the WIOA State Plan for the State of California as the primary mechanisms for aligning educational and training provider services with regional industry sector needs in California’s 14 WIOA Regional Planning Units (RPU). The Coastal RPU includes the Santa Cruz, Monterey, San Luis Obispo, and Santa Barbara Counties workforce development areas.

The public comment period for the Plan has closed (January 18-February 17). The Executive Committee hosted in person public comment at its February 1, 2017 meeting. No comments were received at that meeting. The Executive Committee recommended that the Plan be forwarded to your Board for approval and that your Board forward the Plan to the Santa Cruz County Board of Supervisors for approval. Other counties in the region will be following a similar process, culminating with the Coastal RPU's Regional Plan being submitted by the Monterey County WDB on behalf of the RPU to the California Workforce Development Board on March 15, 2017, for review and approval.

The Monterey County WDB is collecting input from a variety of sources including research reports, interviews, and public meetings as part of the development of the Regional Plan to ensure the Plan addresses the following goals and objectives: Collection and analysis of regional labor market data; Establishing regional service strategies; Developing and implementing sector initiatives for in-demand industry sectors and occupations; Promoting industry-valued secondary credential attainment; Understanding job quality considerations for the region; and Ensuring accessibility and inclusivity in regional programs and services.

For more information and/or to review the plan, please visit Monterey County WDB's website at www.montereycountywib.org. Questions may be directed to 831-796-6434 although the public comment period is now closed and comments and questions will not be included in the official record.
