C.3 ETPL Draft Program Monitoring PY 2017-18

SUMMARY:

Workforce Development Board (WDB) Staff monitored the Employment Training Provider List (ETPL) training vendors in May and June 2018 for the 2016-2017 and 2017-2018 program years.

The Eligible Training Provider List (ETPL) program monitoring process includes:

1) Overview of the monitoring process and objectives, services provided, and program performance.
2) Completion and discussion with the Monitor of Training Vendor Monitoring Guide and participant list.
3) Completion of the Non-Discrimination and Equal Opportunity Monitoring Guide.
4) An on-site walk through of the facility and classrooms.
5) Interviews with key staff providing services funded by the Workforce Innovation and Opportunity Act (WIOA).
6) Interviews with participants receiving WIOA funded services
7) Review of school materials that may include: personnel policies and procedures, proof of insurance, marketing materials, school catalog, registration forms, curricula related to participant training, job prep, English as a Second Language, documents related to and in support of services provided to participants receiving WIOA funded services, including student files, or other participant activities.

Of the 15 vendors monitored, Bay Area Video Coalition had one (1) finding. Santa Cruz County Career Technical Education Partnership (Regional Occupational Programs) Cabrillo SRSN had one (1) issue. Both schools have responded to the finding/issue and the finding and issue were resolved. All 15 complete drafted reports are attached via this link: http://shorturl.at/uDIOT

I move to approve the ETPL monitoring reports as drafted by WDB staff.
The Workforce Development Board (WDB) staff has reviewed the training placements from Program Year (PY) 2017-18 in order to gauge the performance of each Eligible Training Provider List (ETPL) vendor (Attachment 1). Although the WDB has 20 schools approved to provide training, the attached chart (Attachment 2) lists the expenditures for only those schools that were attended during the 2017-18 Program Year. Additionally, the charts (Attachment 3) indicate the top five schools in terms of enrollments, and the top five schools' Individual Training Account expenditures for PY 2017-18.

I move to accept the annual ETPL Report for PY 2016-17.

C.5 AJCC Cert.-Hallmarks of Excellence

COMMITTEE: Workforce Development Board
MEETING DATE: September 11, 2018

STAFF NAME: Andy Stone, WDB Director; Sara Paz-Nethercutt, Sr. Analyst

SUMMARY:

Under WIOA, local boards are responsible for maintaining a network of high-quality, effective AJCCs. AJCCs are to follow the criteria and procedures established by the State Board once every three years when certifying the AJCCs. To this end, this board at its May 30, 2018 meeting approved the AJCC Hallmarks of Excellence independent review conducted by Racy Ming and was submitted to the State Workforce Board as required under WIOA.

To recap, the AJCC Hallmarks of Excellence certification is intended to ensure that every comprehensive AJCC is in compliance with key WIOA statutory and regulatory requirements. In order to receive a Hallmarks of Excellence AJCC Certification, an AJCC must meet the Baseline AJCC Certification and receive a ranking of at least three (3) in each of the certification areas. The certification areas and comprehensive AJCC rankings are as listed below:

1. Physical location: 4
2. Universal access: 2
3. Partnerships: 3
4. Customer-centered services: 2
5. Targeted regional sectors and pathways: 3
6. Business services: 4
7. Cross-trained staff: 3
8. Data driven continuous improvements: 3

The AJCC Hallmarks of Excellence Report accessible as indicated below includes continuous improvement goals and recommendations. Currently, our local area has not attained the Hallmarks of Excellence certification and an action plan is attached for this committee review. It is recommended that the local area focus on the areas underlined above to improve and attain a satisfactory ranking. The Hallmarks of Excellence Strategic Plan attached was reviewed and approved at the Career Services Committee meeting on July 25, 2018 and the Executive Committee on August 29, 2018.

C.6 Apprenticeship Preparation Program

**COMMITTEE:** Career Services Committee  
**MEETING DATE:** September 11, 2018

**STAFF NAME:** Katy Chevalier, Program Manager

**SUMMARY:**

The Tri-County Apprenticeship Preparation Program (Proposition 39) serves Santa Cruz, San Benito, and Monterey counties, and is designed to help prepare applicants to enter and succeed in a registered apprenticeship program in the construction industry. Pre-apprenticeship or apprenticeship preparation programs, utilizing the Building Trades Multi-Craft Core Curriculum (MC3), are workforce training programs that prepare participants to apply for, enter, and successfully complete a Building Trades apprenticeship program. Funding for this program is provided through a grant from the CA Workforce Development Board.

Participants will learn the following skills:
- Introduction to the construction industry, how to interview effectively, blueprint reading, green construction techniques and standards, OSHA 10-hour safety certification, CPR & First Aid certification, and more.

Who is eligible?
- Must be interested in a career in construction
- Must be 18 years old or older
- Must possess a High School diploma/GED or completed higher education
- Must possess a valid Driver’s License
- Must be able to work legally in the US
- Must be able to pass a drug screening
- Disadvantaged and disconnected job seekers; specifically returning veterans, women, and young adults (ages 18-25) preferred

Please share this information with interested parties - there are still spots available in the classes.

Orientation occurred on Thursday, August 23rd at Central Coast Energy Services in Watsonville. The first class is scheduled to start 9/4/18. To date, there are 14 people enrolled. Participants can continue to enroll and be accepted into the class after the first class starts.

SUMMARY:

Background
As you may recall, under the Workforce Innovation and Opportunity Act (WIOA), local boards with the agreement of the chief elected official, are required to develop and enter into a Memorandum of Understanding (MOU) to outline the delivery of services and a cost-sharing agreement between the local board and one-stop core required partners. This board has reviewed and approved the MOU for the comprehensive AJCC site, as required under the Act.

On June 14, 2017, Employment Development Department (EDD) Workforce Services issued a directive (WSD16-22) requiring the same cost-sharing requirements be applied to affiliate and specialized America’s Job Centers of California (AJCC, known locally as career centers). Affiliate AJCCs are defined as sites where one or more AJCC partners make programs, services, and activities available. Specialized AJCCs are defined as sites that address specific needs, ie. Youth.

The Capitola Employment Development Department (EDD) is known as an affiliate AJCC site and currently has the Washoe Tribal TANF as a co-located partner. However, Washoe Tribe asserts they are exempt from signing the MOU, citing California Department of Social Services (CDSS) All-County letter 16-51. WDB staff is currently in discussions with EDD about establishing some WIOA Title I presence at the Capitola EDD site to avoid their designation as a Wagner-Peyser Employment Services stand-alone office. WDB staff will report back to this committee as appropriate.

The WIOA Youth service provider known locally as Suenos, is a specialized AJCC site and only has one MOU partner within their site, so not required to negotiate a cost sharing agreement with any other partner.

A.3 WDB Member Survey

SUMMARY:

In May of 2018, Public Consulting Group conducted a survey to identify the interest/expertise of the Santa Cruz County Workforce Development Board's (WDB) members and to gauge how well aligned these are with the interests, expertise, and priorities of the WDB.

Based on your feedback, a few of the survey's recommendations include:

- Increased board trainings to ensure Board members know all WDB programs, who the clients are, and how Board programs impact business;
- Focused marketing and self-promotion; and
- Adding a Business Leader to the WDB with funding/budget expertise.

At this meeting, the WDB will discuss the survey's findings and identify potential next steps.

Santa Cruz County WDB
WDB Member Survey Summary

Summer 2018
Executive Summary

The focus and purpose of the Santa Cruz County Workforce Development (WDB) survey was to identify the interests/expertise of the responding WDB members and gauge how well aligned these are with the interests, expertise, and priorities of the WDB. The survey was also used to determine what actions/activities could make WDB member involvement more meaningful, what main challenges regarding strategy and advocacy the WDB faces, and to gather recommendations or solutions focused on addressing these challenges.

Highlight of Survey Results

Expertise and Board Alignment

WDB members identified themselves as having a wide variety of expertise including nonprofit/education sector expertise and more specified public-sector workforce program expertise such as industry specific apprenticeships and training programs knowledge. Regarding whether Board members feel they can successfully align their expertise and interests with Board activities, 50% responded Yes and 50% responded Somewhat, with 0% responding No. One item which was mentioned as limiting alignment is WDB members aren't always aligned with similar causes and may have different priorities for WDB activities.

Interests

- Economic development
- Apprenticeships
- Housing
- Talent development
- At-risk youth (e.g. drug, gang-involved, home issues, school issues)
- Immigration
- People with barriers to employment (e.g. childcare, transportation)
- Technology
- Other Answers

Other Answers: Ex-offenders, Homelessness, Obtaining and retaining employment for people with disabilities, Veterans, Gig economy worker.
Local Issues

- Economic development
- People with barriers to employment (e.g. childcare, transportation)
- At-risk youth (e.g. drug, gang-involved, home issues, school issues)
- Talent development
- Obtaining and retaining employment for people with disabilities
- Apprenticeships
- Other Answers

Other Answers: Technology, Ex-offenders, Homelessness, Obtaining and retaining employment for people with disabilities, Veterans, Gig economy worker, Gig economy workers/entrepreneurs.

Challenges to the Board

Common workforce development challenges were identified through the survey such as being inclusive of all populations found within the County whether low or high income and a continuous need for affordable housing as displaced workers are immediately in crisis without it. Other themes, more specific to the WDB were a clear understanding of WDB strategies across all members as well as better marketing/advertising campaigns to showcase the services/programs and expertise the WDB can provide for Santa Cruz County and the Workforce Development system.

Recommendations

Board Member Recommendations from Survey

- Clarity around structure, goals, focus and strategy of the Board.
- Legislative advocacy.
- Career training, alternative housing solutions, and access to education at all levels.
- Create systems that allow the flow to be documented and used by the community.
- Focused marketing and self-promotion.
- Increased board trainings to ensure Board members know all WDB programs, who the clients are, and how Board programs impact business.
- Ongoing and continual education.
- Business Leader with funding/budget expertise.

Technical Assistance

- Provide regular WDB member trainings/information sessions to ensure uniform level of understanding around crucial WDB information such as structure, goals, and focus/strategy of the Board, programs/services offered, who the clients are, and how the WDB offering of programs/services impact business.
• Establish strategy committees in alignment with identified WDB member interests (i.e. Economic Development, Apprenticeships, Housing, Talent Development) which address the biggest current local issues identified via the survey (i.e. Economic Development, People with barriers to employment, At-risk youth, Talent Development).
• Hold WDB knowledge sharing sessions to identify other WDB member expertise/interests so that specific strategy committees can be created ad hoc to address local issues that may arise and are not addressed by the committees developed in the recommendation above.
• Establish sub-committee focused on housing (third highest category of WDB interests) to address the two largest identified local issues, People with barriers to employment and Economic Development. A strategic focus on Housing would also have a positive effect on other high priority local issues such as high at-risk youth population and lack of talent development support.

Communication

• Develop clear communication strategy which showcases the services/programs offered by the WDB utilizing nationally recognized public relations strategies to better showcase what the Board can do.
• Ensure that front line staff are knowledgeable about all services/programs offered by the WDB to create a quasi “No Wrong Door” to either serve SCC workers or refer them to the appropriate services/programs.
• Facilitate regular meetings open to the public to help identify gaps in the system and showcase the WDB’s commitment to SCC and its workforce system.
• Align the board meeting agendas with the issues/strategies that are the board is actively engaged in. Too many times, boards meetings on focused on the reporting back of performance numbers, system success/failures, and committee reports, failing to leave time for meaningful conversations around the issues and strategies that are driving the system’s activities.

Alignment

• Host employer focus groups to gain insight into employer needs.
  o If employer needs align with the highest categories of WDB member interests identified via the survey (i.e. Economic Development, Apprenticeships, Housing, Talent Development) then explore apprenticeship/certifications/training options with SCC employers.
• Host SCC worker focus groups to identify local issues from their perspective and crosswalk these with the local issues identified by the WDB members via the survey.
  o If there are significant differences between WDB member local issues and SCC worker local issues hold meetings bringing the two parties together for better alignment of local issue identification.
